

Maximilian Dorsch already learned to appreciate the Bitterwasser Flying Center. He trained to fly big distances in Namibia in one of Wilfried Großkinsky`s 1000 km training camps. This year, on the 10th of July, Maximilian used this experience to fly a 1008-kilometer distance with a LS4 WL from his home field Bamberg. With this flight he conquered the top in the Bitterwasser Junior Cup 2019. At the „OLC-final“, the prize giving ceremony of the online contest 2019 in Poppenhausen / Rhön this October weekend, he got the reward: Rainer Hog congratulated on behalf of the Bitterwasser AG and presented the invitation for a week cross country flying in the Flying Center Bitterwasser. The junior from AC Bamberg won by a clear margin over Markus Uhlig from FC Großruckerwalde. Henrik Theiss of FLG Grabenstetten took 3rd place.
