

Pre-briefing 1000 km camp

Some junior pilots were looking forward to the upcoming trip to Bitterwasser, the others brought with them beautiful experiences from the gliding center. They met on invitation of Wilfried Großkinsky in Cologne to prepare for flying in southern Africa. The participants of the last camp reported on their experiences.

The new season is already out of the starting blocks in Bitterwasser. In the OLC you can already find the first flights. Bernd Goretzki and Reinhard Schramme will test what is possible so early in Namibia.
